Fort Bend Central Appraisal District Named A Top Houston Workplace

FORT BEND, TX – The Fort Bend Central Appraisal District (FBCAD) has been selected as a Top Workplace in the Houston metropolitan area by the Houston Chronicle.

FBCAD was ranked 81st of the 100 selected organizations and is one of only two government organizations included in the small companies category. The small companies category includes organizations with 149 or fewer employees.

“Those familiar with our operations know that FBCAD has a difficult job,” said Jordan Wise, chief appraiser. “We’re pleased that, despite the difficult job, our employees are reporting high satisfaction with their work environment. We are truly honored to receive this recognition.”

Conducted by Energage LLC in partnership with the Houston Chronicle, the survey is entirely focused on feedback from current employees. The anonymous survey asks employees to report on their job satisfaction, workplace culture, engagement, and a host of other topics.

“FBCAD has been focused on improving many of our day-to-day operations,” said Wise. “We’ve added new technologies to streamline our appraisal and document processing functions and have worked to improve the appeals process. We’ve ramped up our outreach activities and focused on improving public communications. We’re committed to providing the best possible service to the people of Fort Bend County.”

More information about FBCAD can be found on our website, www.fbcad.org. Questions or comments can be directed to FBCAD directly at 281-344-8623 or info@fbcad.org.

About FBCAD

The Fort Bend Central Appraisal District is a political subdivision of the State of Texas established in 1982 for the purpose of discovering and appraising property for ad valorem tax purposes for each taxing unit within the boundaries of the district. The district has approximately 400,000 accounts to appraise each year with a total market value of approximately \$141 billion. The Fort Bend Central Appraisal District serves approximately 225 taxing units. For further information, visit www.fbcad.org.
